### 2. Hazards Identification

#### **Classification**

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

| Acute toxicity - Oral                            | Category 4 |
|--|------------|
| Acute toxicity - Dermal                          | Category 3 |
| Acute toxicity - Inhalation (Vapors)             | Category 3 |
| Acute toxicity - Inhalation (Dusts/Mists)        | Category 4 |
| Specific target organ toxicity (single exposure) | Category 1 |
| Flammable liquids                                | Category 3 |

ŀ

Revision Date: 20-July-2017 SDS Number: 9188 Issuing Date: 1-Jun-2008 GHS Label elements, including precautionary statements Emergency Overview Signal Word Danger Hazard Statement: Harmful if swallowed Toxic if contact with skin Toxic if inhaled Causes damage to organs Flammable liquid and vapor Appearance Orange Physical State Liquid Odor Mild Alcohol

#### **Precautionary Statements - Prevention**

Wash face, hands and any exposed skin thoroughly after handling Do not eat, drink or smoke when using this product Wear protective gloves/protective clothing/eye protection/face protection Use only outdoors or in a well-ventilated area Do not breathe dust/fume/gas/mist/vapors/spray Keep away from heat/sparks/open flames/hot surfaces. - No smoking Keep container tightly closed Ground/bond container and receiving equipment Use explosion-proof electrical/ ventilating/ lighting/ equipment Use only non-sparking tools Take precautionary measures against static discharge Keep cool

#### **Precautionary Statements - Response**

IF exposed: Call a POISON CENTER or doctor/physician Specific treatment (see supplemental first aid instructions on this label)

#### Skin

Call a POISON CENTER or doctor/physician if you feel unwell Wash contaminated clothing before reuse IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower

#### Inhalation

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing Call a POISON CENTER or doctor/physician

#### Ingestion

IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell Rinse mouth

<u>Protective equipment and precautions for firefighters</u> Move containers from fire area if you can do it without risk.

### 6. Accidental Release Measures

#### Personal precautions, protective equipment and emergency procedures

| Personal Precautions         | Avoid contact with skin, eyes or clothing. Ensure adequate ventilation. Use<br>personal protective equipment as required. Evacuate personnel to safe areas. Do<br>not breathe vapor or mist. Keep people away from and upwind of spill/leak. See<br>section 8 for more information. ELIMINATE all ignition sources (no smoking,<br>flares, sparks or flames in immediate area). Pay attention to flashback. Take<br>precautionary measures against static discharges. All equipment used when<br>handling the product must be grounded. Do not touch or walk through spilled<br>material. |
|------------------------------|---|
| Other Information            | Water spray may reduce vapor; but may not prevent ignition in closed spaces.  |
| Environmental Precaution     | ons   |
| Environmental<br>Precautions | Prevent entry into waterways, sewers, basements or confined areas.  |
| Methods and material fo      | r containment and cleaning up   |
| Methods for Containmer       | nt A vapor suppressing foam may be used to reduce vapors. Absorb or cover with dry earth, sand or other non-combustible material and transfer to containers.  |
| Methods for cleaning up      | Use clean non-sparking tools to collect absorbed material. Dike far ahead of liquid spill for later disposal. Soak up with inert absorbent material. Pick up and transfer to properly labeled containers.   |
|                              |   |
|                              |   |
|                              |   |
|                              |   |
|                              |   |

| Issuing Date: 1-Jun-2008   | Revision Date: 20-July-2017   | SDS Number: 918  |

|---------------------------|--------------------|-------------|----------------------|
| Methyl alcohol<br>67-56-1 | = 5628 mg/kg (Rat) | -           | = 83.2 mg/L (Rat)4 h |

#### Information on toxicological effects

| Symptoms                    | Coughing and/ or wheezing. Difficulty in breathing.  |  |
|-----------------------------|--|--|
| Delayed and immediate       | effects as well as chronic effects from short and long-term exposure   |  |
| Sensitization               | No information available.  |  |
| Mutagenic Effects           | No information available.  |  |
| Carcinogenicity             | Contains no ingredient listed as a carcinogen.   |  |
| Reproductive Toxicity       | No information available.  |  |
| STOT - single exposure      | Based on classification criteria from the 2012 OSHA Hazard Communication<br>Standard (29 CFR 1910.1200), this product has been determined to cause<br>systemic target organ toxicity from acute exposure. (STOT SE). If this product is a<br>mixture, the classification is not based on toxicology studies for this product, but<br>is based solely on toxicology studies for ingredients found within this product.<br>Detailed substance and/or ingredient information may be provided in other<br>sections of this SDS. Target organs effects listed in this document may result<br>from a single overexposure to this product. Causes damage to organs if<br>swallowed. Causes damage to organs in contact with skin. |  |
| STOT - repeated<br>exposure | No information available.  |  |
| Chronic Toxicity            | No known effect based on information supplied. Effects from this product caused by acute exposure may cause permanent damage to target organs and/or may cause chronic conditions.   |  |
